REQUEST TO CORRECT FILING RECEIPT

Filing Receipt Corrections  
Office of Initial Patent Examination  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

With respect to the response to the Filing Receipt mailed July 27, 2004, Applicant respectfully requests that the priority data indicated on a marked-up copy of the filing receipt be corrected to correct an incorrect priority claim and to make the priority claims consistent with USPTO records.

Briefly, the Oath and Declaration submitted by Applicant on June 30, 2004 with the response to the Notice to File Missing Parts included a typographical error on the priority claim to U.S. Provisional Patent Application Ser. No. 60/399,180 filed July 29,

Serial No. 10/821,233  
Filed: April 8, 2004

2002 (U.S. Ser. No. 60/399,189 was incorrectly identified). Following this submission, the filing receipt issued by the Patent Office indicated that the priority claim to U.S. Ser. No. 60/399,189 was not consistent with USPTO records.

To address this error, Applicant submitted a new Oath and Declaration that correctly identifies priority provisional application Ser. No. 60/399,180 filed July 29, 2002, and requested that such Oath and Declaration be made of record in the application. A copy of that submission is enclosed herewith.

Applicants now request that an updated filing receipt be issued that correctly identifies the priority claims for this application.

Please charge any fees due with this response to Deposit Account No. 23-1665.

Respectfully submitted,

ANTHONY H. CINCOTTA

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
